Snyder Tigers Cop Twin Victory Over Pied Piper Varsity and B Teams Tuesday

The lamb slaughtered the lion Friday night when the Snyder Tigers brought their varsity and B squads to the basketball wars at Hamlin Tuesday night. Doped to be easy victims of the Pied Pipers, the Tigers jumped into a commanding lead early in the contest and were never headed as the play progressed to the final 26-24 Snyder victory.

The B game which raised the curtain for the night's entertainment brought thrills throughout the contest and one overtime period was necessary before Snyder could register a 35-34 victory.

A seesaw scoring of points for both teams brought a tie score at the end of regular period of play and the crowd was standing in a frenzied plea for points as the final seconds ticked off.

Milton Butler was high point man for both clubs in the B game when he bucketed 17 points and Cain registered 11 points for the junior edition of the Tigers.

The varsity game brought a display of one of the roughest sessions of basketball on record and Snyder utilized the speed of Max Coffee to work the ball into scoring territory. Crip shots and a scattering of long baskets made the Snyder lead loom large as the Pipers encountered difficulty in hitting the basket throughout the first three quarters of the game.

A determined fourth-quarter spurt brought the points piling up for the Pipers and the squad tried vainly to garner the final two points that would throw that battle into a tie.

Officiating in the contest left much to be desired and the game was not a demonstration of the finer points of finesse.

Don Rowland and Robert Fletcher split high point honors for Hamlin with six each and Coffee rang up eight for the visitors. Teaff followed closely on Coffee's heels with seven points.

Friends Visit Cotten While Hospitalized

A group of Hamlinites visited W. B. Cotten of Hamlin in an Abilene hospital Sunday.

They were: Mr. and Mrs. J. G. Smith, Mr. and Mrs. W. H. Pickens, Mr. and Mrs. J. E. Cory.

Mr. Cotten had a serious operation last Friday and at last report his condition is good.

Mrs. Cecil Elvins of Levelland is at her father's bedside.

Gordon Bennett To Serve As Executive V-P at McMurry

Gordon R. Bennett, former Hamlinite will serve as acting executive vice president of McMurry College, Abilene, succeeding the O. P. Thrane, according to a report by S. M. Jay president of the board of trustees.

Bennett, as most can recall, has been assistant to the president since 1948. He will also continue to hold this post until the board takes official action in March.

He is well known as a public speaker over West Texas and has had extensive school administrative experience at Hamlin and Avoca. Serving six years as superintendent of school and five years as high school principal at Hamlin and three years as superintendent at Avoca.

Bennett was born and reared at Stamford and received his B.A. from Baylor University, Waco, majoring in world history and psychology and his M.A. degree from Hardin-Simmons University, Abilene with a major in education and a minor in American history.

Students Not To Be Taken Says Board

Considerable confusion has originated from publicity given to an announcement that Local Board 77 of Jones County would be forced to take college students to fill their quota.

In denial of the report, the local board has issued the following letter:

Dean A. R. Collins, Hardin-Simmons University, Abilene, Texas.

Dear Sir:

In the Abilene Reporter-News, Friday morning, January 5, 1951, and also over the radio, we notice the following:

"Jones County draft officials have informed us that they are having to take students to fill their quotas."

We wish to advise you that Local Board 77, Anson, Texas, has postponed the induction of every college student, who has requested postponement of induction.

We also wish to advise that this board has been able to fill all quotas, even after postponement of induction to all college students.

We are at a loss to know where this information originated and assure you that we are cooperating with college students, by granting postponement of induction until the end of this school year, as provided in selective service regulations.

Local Board No. 77, W. B. BAKER, Chairman, MAE DUNWOODY, Clerk of Local Board.

R. L. Harris and daughter, Emma, have returned home from Dallas where they spent two weeks with relatives. While there they went to see the Nativity Scene on the lawn of the Snowden home.

Bank Names New Director for Year

At regular annual meeting held on the evening of January 9, the stockholders of the F. & M. National Bank elected directors for the coming year.

Directors chosen for re-election to the board were J. B. Davenport, W. J. Bryant, W. C. Russell

LENNIE GREENWAY

and Tate May. Miss Lennie Greenway was a new director elected to the board.

Directors then chose the following officers to serve the Hamlin financial institution:

Tate May, President; W. C. Russell, Active Vice President; Lennie Greenway, Cashier; Earl Smith, Teddy E. Russell and Buna Rountree, Assistant Cashiers.

Despite withdrawals for payment of taxes and current obligations by depositors, the F. & M. Bank was able to maintain their high deposit level of in excess of five million dollars on their quarterly statement.

Shell Pipe Line Head Here for Bird Hunt

T. E. Swigart, president of the Shell Pipe Line Company, is expected to arrive in Hamlin Saturday to participate in a long projected quail hunt with Art Carmichael.

Swigart will come from Houston to meet Al Terrell, district superintendent for the company at Colorado City and will then come to Hamlin for the outing.

Postal Receipts Up Over Last Year

Postmaster Perry Sparks announced this week results of his tabulation of postal receipts for the Hamlin post office in 1950.

The total computed came to \$24,304.46 as compared with receipts of \$22,457.13 in 1949.

Sparks revealed that December receipts at the local office had reached \$8,612.86 for that quarter and that figure reflected an all-time high for the office.

It was explained that receipts for the Hamlin office suffered a sharp drop after the suspension of the Hamlin Hatchery and gradual increases have almost reached the high that prevailed at the time of its operation.

High for the office was posted in 1945 when \$25,315.76 was credited.

Another development in postal circles of the week brought the installation of postal drop boxes at four locations in Hamlin.

Boxes were placed at the corners of Central and Northwest Fifth Street, South Central and Southwest Second Street, South Central and Southeast Fourth and the corner adjoining the Hamlin Memorial Hospital.

Additional boxes are planned for strategic locations as they become available.

Brad Rowland Says East-West Game Was Top Honor

Brad Rowland, Jr., gridiron immortal from Hamlin, returned to the home bailiwick Tuesday to appear at the luncheon of the Lions Club.

Rowland had just returned to his studies at McMurry College at Abilene after appearance in the East-West bowl spectacle, and he brought description of festivities and training for the annual football game that thrills the nation.

Brad told of the royal manner in which he and his team-mates were entertained in San Francisco and his description of the inspiration derived by the players from their visits to the Shrine Crippled Childrens Hospital was touching in its sincerity.

His praise of the play of Kyle Rote included an explanation of the fact that Rote bore the burden of ball carrying for the West squad. Rowland disclosed that a choice of plays was left up to the quarterback on the squad and the attack spearheaded by Rote was so effective that no variation was necessary to insure the ultimate victory.

Brad stated that first contact with the squad brought awe as to their size. The democratic spirit of the squad brought a quick acceptance of Brad, however, and mutual admiration prevailed as the training sessions were conducted. Brad described his pride at having been selected to participate in the game and said that it would remain as his greatest honor.

Rowland was autographed by the club for the recognition he has brought to Hamlin during his meteoric career on the gridiron.

Hamlin Scouts Win Trophy For Table Decoration at Abilene Giant Meeting

Boy Scouts gathered at Abilene Tuesday night from all surrounding territory to augment the Abilene contingent in the Chisholm Trail observation of the annual Scout Leaders Appreciation Dinner.

Hamlin sent their contingent of Explorers, Scouters and Cubs to join with their parents in the festivities.

Rose Field House at Hardin-Simmons was chosen as the site for the giant gathering and an excess of 2,000 guests were in attendance. Picnic baskets were brought to the gathering and individual tables were assigned each of the troops.

Climax of the evening from a local standpoint was when Hamlin's Troop 43 was awarded a handsome trophy for designation as the best decorated out-of-town table in the hall.

Also awarded to the Hamlin Troop was a pennant for having gained membership in the "500" Club, which recognized the fact that the troop had gained the required six new members over a 45-day period. Hamlin exceeded the requirements with eight new members.

Mrs. J. E. Johnson, Mrs. Irby Weaver and Mr. and Mrs. Noel Weaver were in charge of the table decoration and were assisted by Cub Scouts in its preparation. Materials for the construction of the display were graciously supplied by the Paul Bryan Lumber Company.

Harold Bonner and Holly Toler attended the gathering in their

Chamber of Commerce Calls Committee For Nomination of Four New Directors

A meeting of the Hamlin Chamber of Commerce has been called by Mrs. E. M. Wilson, secretary, for the purpose of nominating 12 candidates to fill four vacancies which will occur in the Chamber directorate. Time of the meeting has been set at 8:30 a. m. Tuesday.

Directors who complete their tenure as members of the governing body are Eddie Jay, J. C. Turner, Jr., Jimmie Irwin and Everett Townley.

March of Dimes Fund To Benefit From Faculty-Lions Basketball Go Thursday

Announcement was made Tuesday that the Hamlin Lions Club had accepted the challenge of the school faculty to a basketball contest to be staged Thursday, January 18 at 7:30 p. m. Proceeds from the game will go to the March of Dimes campaign fund. Prices of admission have been set at 25 cents for children and 50 cents for adults.

The faculty five is smarting from a defeat administered by the Pied Pipers last Friday night and seek to re-establish their prestige in the contest with the Lions. The Lions have not announced the roster for their club but their attack will be built around W. T. Johnson, Junior Haight, Bill Shira, Doyle Blackford, Frank Harrington, Claud Lancaster, Jimmy Irwin and Delma Shelburne. Ted Russell as head coach will be assisted by Herman McBride and Stanley Carmichael has been selected as team trainer.

Additional talent is expected to be unearthed in intensive workouts by the Lions and the starting five will be augmented by a generous list of substitutes in an effort to counter against the superior condition of the faculty.

Night school will be held until eve of the game in acquainting the Lions with rule changes which have been made during the past quarter century. Oxygen bottles and other artificial stimulants are to be available throughout the game.

Only stimulation made by the Lions is that Jesse Burditt and B. V. Newberry show no improvement over their performance in the game against the Pipers.

Interest is already keen over the contest and night of the fray should bring a capacity attendance.

CLYDE ANGEL

Clyde Angel Announces Resignation From Official Family of F. & M. National Bank

Clyde R. Angel announced this week to The Herald that he was terminating five years of association with the Farmers & Merchants National Bank of Hamlin, the resignation to become effective January 15.

A host of business and personal friends will be shocked at the news of the departure of Angel and his worth to the community cannot be replaced.

Angel announced that his family will remain in Hamlin until such time as he can obtain suitable living quarters.

His prepared statement said: "Effective as of January 15, 1951, I have resigned my position with The Farmers and Merchants National Bank of Hamlin and will on that date become associated with The First National Bank of Big Spring, with whom I was connected for about 17 years prior to coming to Hamlin in June of 1945.

"I want to express my appreciation to the many fine people of this community for their friendship and cooperation since I have been with this bank and for the many expressions of understanding which they have given me. I would also like to state that my resignation here and our decision to go to Big Spring does not in any way reflect our desire to leave Hamlin but simply reflects a condition over which we had no control, and the opportunity to rejoin the bank with which I was connected for about 17 years came under terms and conditions which I could not refuse.

Further development in the Round Top Field appeared assured Thursday with the report that General Crude Oil Company had set pipe on their Thomas Ferguson Number 3 oil well in the Canyon Reef. This makes the second producer in recent weeks on that property and indicates a trend toward increased activity in that area.

Texas Pacific Coal and Oil is squeezing in the Swastika pay in preparation for a production test which is due to be made late this week on their R. J. Robertson Number 1.

Atlantic Refining Company had oil and gas cut mud in a test of their W. J. Bryan Number 1 and are drilling ahead to the Strawn.

Bridwell Oil Company was drilling at 4000 feet in shale on their J. M. Alexander Number 3. Tests of the Swastika showed 3,300 feet of salt water.

Texas Pacific was reported to be drilling at 2,700 feet on their Mary K. Kennedy Number 1 as a Swastika try. This well is being attempted as a northeast extension of the Pardue field and is an offset to the Cassle wells.

Texas Pacific has set surface on their Pardue Number 13 which is to be a Swastika try.

Troops of the North and South met in the first battle of the Civil War on July 21, 1861.

The wise man buys two lawn mowers—one for his home and one for the neighbors.

The building, made of native rock, was constructed by R. B. Henington, postmaster.

McCauley's new Post Office was officially opened last Tuesday, according to a report by a Herald reporter.

The building, made of native rock, was constructed by R. B. Henington, postmaster.

The voters of the Hamlin Consolidated School District will be given an opportunity to vote on three propositions at an election called for Tuesday, January 16. The three propositions are for the school board's authorization to issue bonds in the amount of \$175,000.00; to levy a maintenance tax at the rate of \$1.25 on the \$100.00 valuation; and for the assumption of the indebtedness by the school as defined by its present boundaries.

The three propositions will be separate propositions on the ballot.

A contract with McMahon & Almon, Fort Worth bond firm, was made after that firm presented a low bid on the purchase of the bonds for 2 1/2 and 2 1/2 percent interest. The bonds are to be retired in ten years. The contract was drawn subject to the approval of the election.

The purpose of the bond sale is to erect an elementary building a band room at the high school and make repairs and improvements to present facilities. The erection of an additional elementary building has been made necessary by the increased enrollment both in the elementary and high school departments. Due to overcrowded conditions in the elementary building, the eighth grade has been housed in the high school building which is now being over-crowded. Records reveal that for the first seven grades of the Hamlin schools, the enrollment has increased from 422 in 1946 to a present enrollment of 731, an increase of about 70 percent. Although the increase has not been so great in the high school for the same period, it is to be expected that the high school enrollment shall increase at least 60 percent during the next three years.

This increase is in direct proportion to the increase of scholastic population on a state-wide basis. Careful estimates predict an increase of about 50,000 school children in the state for the next 10 years.

The 1950 tax value of the Hamlin district is \$8,424,893.00. This is compared with a value of \$4,402,432.00 in 1947, the date of the last bond issue. This increase has been due largely to oil developments and city growth since there has been no overall tax increase in the Hamlin district in the past five years. It is pointed out that over 70 oil wells completed during 1950 are not included in the 1950 evaluation. With the additional \$175,000.00 issue included, the debt will be 5.6 percent of the 1950 evaluation and less than 4.8 percent of the expected 1951 values. This debt represents a very normal debt for the district with no increase in values needed nor expected to be levied.

The tax rate asked to be voted on is the present rate of \$1.25 which was lowered from the \$1.50 rate in 1946.

Bond attorneys advise that holders of 1949 as well as 1950 poll tax receipts may vote in this election, provided they are property owners and otherwise entitled to vote.

Polls are to be maintained at the high school building and W. H. McBride has been appointed as presiding judge; assisted by Mrs. C. C. Prater as judge and Mrs. J. B. Eakin and Mrs. Brad Rowland as judges.

Dentist Establishes New Office In Hamlin

Dr. William S. Seals, dentist, has arrived in Hamlin for the establishment of dental offices in the premises adjoining the Chamber of Commerce.

Equipment is arriving daily for installation is being made preparatory to opening of practice.

Dr. Seals was accompanied by Mrs. Seals and children, Carol and Henry.

We'd much rather listen to an echo than a gossip because an echo repeats what you say.

Featuring improvements which produce unprecedented roadability and riding qualities, the beautifully redesigned 1951 line of Plymouth cars have numerous mechanical improvements and have retained their traditional roominess. Shown above is the new Four-door Cranbrook sedan which will be on display Saturday at Prewitt Motors.

County Agent Gives Preview of 1950; Expectations of New Year

As we get started in the new year, many questions come to our mind about what to expect in 1951 regarding agricultural production.

Below is an outlook picture of what the economists have figured on for this year, according to Bill Lehmburg, Jones County agent.

In Jones County, one of our primary interests is cotton. Over 200,000 acres of cotton were planted in 1949 compared to 97,000 acres in 1950. After talking with various producers and committees, the acreage for 1951 was estimated at 175,000 acres.

One of the first things that comes to our minds is "what about price supports?" The present law provides for the support of cotton prices at between 80 and 90 per cent of parity. Cotton prices are currently supported at 80 per cent of parity. Loan rates for the 1951 crop will be 90 per cent of parity, as of July 15, 1951.

The fact that acreage allotments and marketing quotas will not be in effect on the 1951 crop does not relax any provisions of the 1950 acreage allotment and marketing quota program.

One of the next questions that we think of is "will cotton planted in 1951 apply to farmer's base acreage?" Under the present law the acreage planted to cotton in 1951 would be considered as a part of the base acreage in establishing future cotton acreage allotments.

Cotton insecticide supplies are expected to be less than in 1950. 2-1 Mixture and toxaphene sprays will be recommended again and 3-5-40, 20-40, 5 per cent DDT and 10 per cent Toxaphene dusts will again be recommended. Several new chemicals including dieldrin and aldrin will be also recommended. If prices on these various chemicals get out of reason, price controls could be established.

From the insects this year, it is hard to say. In all probability, infestations will be relatively high because of the large population built up in 1950. Alternate freezing and warm weather such as we have had will help decrease the insect population to some extent.

Planting seed of cotton will not be plentiful and plans should be made to have all seed treated with cresan and to run germination tests.

Labor will enter into the 1951 cotton picture. Many producers will plant storm proof varieties. In the event labor is not available mechanical harvesting will be increased.

Early and careful planning will be an important factor in the success of 1951 production efforts.

Livestock picture is good if it will rain. Supplemental small grain pastures have not had a chance as yet and winter grass in native pastures is short and dry. This creates a feeding problem which is met by the large grain sorghum crop made in 1950. Most producers are feeding bundles at present and some are supplementing with cake.

Increased marketings of cattle and hogs and moderately higher prices for all classes of meat animals are in prospect for 1951.

The number of cattle and calves on farms has been going up

since 1948, and a further increase this year is probable.

Our pig crop is increasing and should be even larger this year. Hog corn ratio is considerably above average.

Despite the increased supply of meat, stronger demand is expected to raise prices of each class of meat animals slightly above last year.

Prices of eggs are not likely to rise as much in 1951 as other farm products. Poultry meat outlook is more favorable than for eggs.

According to Ralph S. Trigg, National Administrator of the PMA, "Changing conditions might force reconsideration, but right now we are not thinking in terms of price controls or ceilings. In this connection, it is important to understand the price provision of the Defense Production Act. This act specifies that no ceilings are to be placed on agricultural commodities which are lower than the higher of two standards; parity, or the highest prices during a May-June period

Social Security Man To Be In Stamford

A representative of the Abilene office of the Social Security Administration will be in Stamford next Thursday at the post office at 3:00 p. m.

Any questions about ranch workers, housewives, cooks maids and others may be answered.

Had the Confederate Army followed up its victory in the famous Battle of Bull Run the Confederates might have taken Washington without firing a single shot.

New York's Broadway Avenue is 15½ miles in length.

this year (1950). Nearly all food commodities are below parity now. The very few which are above parity are pretty close to May-June levels."

State Health Officer; Lists Causes Three Heart Diseases Discussed By

What do you know about your heart? Do you know that the three major kinds of heart disease are: rheumatic heart disease, high blood pressure and coronary heart disease?

One of the childhood's most dangerous foes is rheumatic fever, according to a statement to

The Herald by Dr. George W. Cox, state health officer.

A child is most likely to develop rheumatic fever when he is less than 10 years of age. However, the disease is not confined to children. "In World War II, about 40,000 men in the American forces developed attacks of rheumatic fever." This disease may damage the heart valves and muscle. And child who has rheumatic fever should have the best of medical care, plenty of rest, a special diet, and be free from anxiety or worry. Just because a person has rheumatic fever, is

no sign he will have rheumatic heart trouble. But it's important to keep in close check with the family physician.

Coronary heart disease strikes those from middle age groups and up, more than other forms of heart trouble. And, it strikes men more often than women. Moderation in daily living is very important, for if a person worries too much, works too hard, exercises too frequently and hard, and eats too much his heart is overworked. Yes, one of the best checks against overburdening the heart... is moderation in all things—and plenty of rest.

High blood pressure is another important cause of death. Naturally, the heart has to work harder to pump the blood, when blood pressure is high. An overworked heart needs the care of a physician.

Sometimes symptoms of heart trouble aren't so noticeable; that is why a regular physical examination is so important. Heart disease caused by syphilis, congenital heart disease, and heart trouble resulting from an overactive thyroid gland, are a few other forms of heart disease. Stop and think about it for a moment. Do you give your heart enough rest?

A small town is a place where you can take a correct census at any time.

The State of Virginia is called "The Old Dominion."

THAT'S THE TICKET—When Mr. and Mrs. Sidney Babiskin of Long Beach, New York, heard that a local hospital was giving away a \$20,000 "Dream House," they bought a ticket in their daughter June's name. It's easy to see from the tot's smile here that her ticket won.

Beauty Routine Starts With Old-Fashioned Cleanliness

Jean Simmons, whose hands are important to her both as an actress and as a woman, bleaches them with lemon before applying rich cream for smoothing them.

OLD-FASHIONED beauty tricks are often the best, according to Jean Simmons, well-known British film actress, who strives toward natural loveliness rather than sophisticated glamor.

Although her beauty routines are simple ones, she doesn't overlook the importance of regular care. She stresses that the basis of good looks is—first of all—cleanliness. Hair should be frequently washed, shining, well-brushed. Faces should be thoroughly cleansed before make-up is applied.

It's important, she continues, to concern yourself with beauty as a whole. Hands are too often neglected, she feels.

She suggests this routine for keeping them always ready for the spotlight of unexpected attention. Slice a lemon in two and rub the cut half over your hands. This will aid in bleaching, and in giving your hands the milky look toward which current fashion is trending.

To make certain they are smooth as well as white, she advises the use of a rich hand cream. Use this regularly before retiring, and supplement its good work during the day with a non-sticky hand lotion. Apply the lotion, after drying, to restore the oils that are lost when your hands are dipped in water.

Blue Birds Hold First Meeting of New Year

First meeting for the new year of the Hamlin Blue Birds was held at the Hut on Avenue E with Mrs. H. B. Carter, leader, in charge.

Plans were made for the coming year in order to benefit the organization.

Members of the group are: Amy Eysen, Brenda Hargrove, Linda Karen Dutton, Rebecca Ann Ferguson, Martha Jane Gage, Lillie Sue Austin, Judy Rector, Linda Carter and Sandra Carter.

Mothers attending the meetings were: Mrs. Lawrence B. Gage, Mrs. Celeste Dutton and Mrs. H. B. Carter, leader.

Meetings are held at 4:00 p. m. every Tuesday afternoon at the Camp Fire Hut.

Young Adult Class Parties and Holds Election of Officers

Young Adults Sunday School Class of the Hamlin First Methodist Church met last Monday in the basement of the church and held a social.

Games were played and refreshments of coffee, sandwiches, and cookies were served.

A business meeting was held and officers for the new year were selected as follows: Alvin Hudson, president; Mrs. Jim Ballard, vice-president; Mrs. W. L. Hunter Jr., secretary - treasurer; Mrs. Albert Chandler, reporter.

Those present were: Mr. and Mrs. Jim Ballard, Dr. and Mrs. Don Gould, Mr. and Mrs. W. L. Hunter Jr., Mr. and Mrs. Albert Chandler, Mr. and Mrs. Edward Grienecks, Mr. and Mrs. George Zwibels, Mr. and Mrs. W. T. Johnson, Mr. and Mrs. Jerry F. Waggoner, Mr. and Mrs. Jess Burditt, Dovey Bowers, Louise Mallory, Eunice Whitehead, Walter Chalcraft and Dr. Doyle Blackford.

Minnesota was admitted to the Union on May 11, 1858.

McCaulley HD Club Meets in Mason Home

McCaulley's Home Demonstration Club met last Thursday in the home of Miss Gertrude Mason. Mrs. Jerry Miller was co-hostess.

Recreation was led by Mrs. Frank Kemp and the business session was conducted by Mrs. Fred Kemp, president.

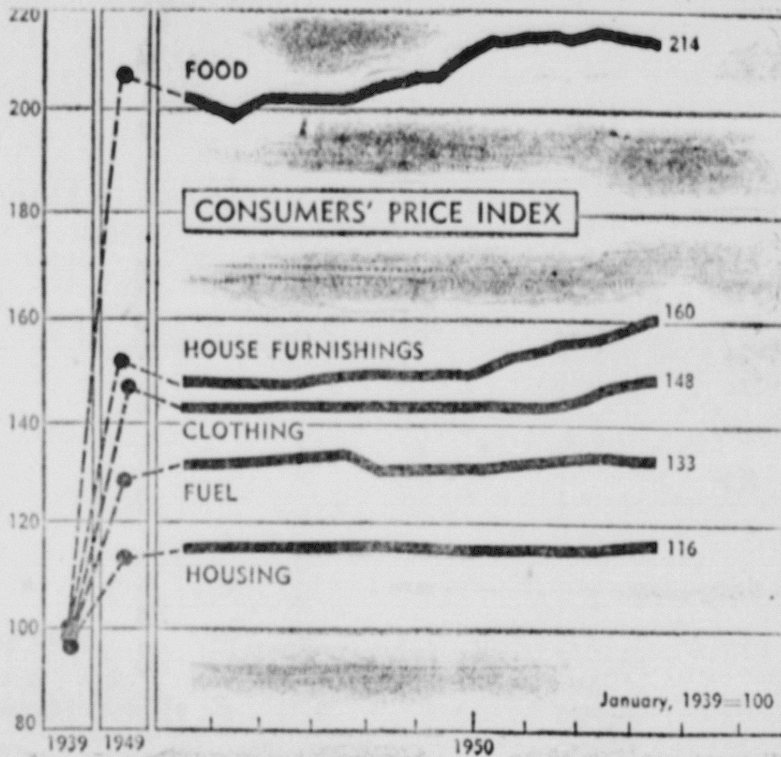

Program demonstration was given by Miss S. C. Kenney, Fisher County Home Demonstration Agent, on the types of figures, selection of patterns for each. A basic wardrobe consisting of sport clothes, best dresses, formal dress and house dresses.

During the business session it was decided that the group would meet on the first and third Thursday in each month.

Club officers for the new year are: Mrs. Fred Kemp, president; Mrs. Glenn Henderson, vice-president, secretary and treasurer; Mrs. Ted Abbott, reporter; Mrs. Luther Maberry, council delegate; Mrs. Louis Boyd, T. H. D. A. Chairman.

Refreshments were served to the following: Miss Kinsey, agent; Mrs. Fred Kemp, A. G. Smith, Glenn Henderson, Luther Maberry, Ted Abbott, W. C. Lee, Oliver Lee, Della Fancher, Jim Fancher, Tom McCasland, Leo Masser, Ben Kemp, Frank Kemp, Hallie McFatter, Willie Fancher, Levi McCollum, Buddy Gibson, Louis Boyd, Jerry Miller and Gertrude Mason.

Next meeting will be held on January 18 at 2:00 p. m. in the home of Mrs. A. G. Smith.

PRICES GOING UP—The gradual rise in costs of various items making up the cost of living in 1950 is traced on the Newschart above. Based on data from the National Industrial Conference Board, the chart also shows comparative index prices for 1949 and for the base year of 1939, which is figured as 100.

The first bathtub in the United States was installed in 1842 by Adam Thompson, a wealthy grain and cotton dealer in Cincinnati, Ohio.

Captain John Smith was one of the bravest soldiers in the old Plymouth Colony, but he wasn't brave enough to ask Priscilla Mullins for her hand.

Viola Embrey Honored With Birthday Supper

A surprise birthday supper was given Miss Viola Embrey Tuesday night in the home of Mr. and Mrs. Denver Cavins, 631 NW Avenue F.

Those attending were: Elder and Mrs. Leo Pate and Sandra Kay, Genetta Corey, Mr. and Mrs. John Pat Collins, Mr. and Mrs. R. J. Cox, Mr. and Mrs. O. C. Hannah and son, J. W. Carter, J. E. Best, Willie Ails, Cagy Branscum, Jo Ann Fannin, Mrs. Rosie Embrey, Mrs. Orlenia Carnes, Juanee Branscum, Wesley Groom Jr., Miss Embrey and the hosts.

R. W. Stubblefield of Snyder, former Railway Express agent of Hamlin, was a business visitor in Hamlin Wednesday.

The five-cent candy bar was introduced during World War I.

OF DRAGONFLY WINGS, BATS AND THINGS—Whoever said little girls are made of sugar and spice and all things nice should get a gander at the "beauty" masks Parisian face stylist Fernand Aubrey has designed for millady's wear at formal social functions. If Aubrey has his way, the well-dressed dam'selle will have a giant dragonfly perched on her proboscis or a gauze-winged vampire veiling her face. And with either mask, she'll run the risk of being caught on the wrong end of a fly-swatter.

Hamlin Births

Born to Mr. and Mrs. S. J. Neal of Hamlin, a daughter, January 6, in Hamlin Memorial Hospital. She weighed seven pounds and has been named Juanita Mae.

Born to Mr. and Mrs. Clyde Trammell of Aspermont, a son, January 6, in Hamlin Memorial Hospital. He weighed in at seven pounds and has been named Stanley Russell.

Dolly Madison, wife of President Madison, is given credit for having rescued the Declaration of Independence when the British burned the Capital City in 1814.

DR. FINLEY

Will Fit Glasses at the
WHITE PLAZA HOTEL
Every Monday from 1-5 p. m.

This glamorous cotton corduroy suit-dress was modeled recently in a showing of outstanding fall and winter corduroy fashions by Croppon-Richmond. The distinctive styling of this chic two-piece corduroy designed by Jean Patou features huge sleeves that give it almost a cape-like effect. The wide, wide collar buttons with two giant buttons at the edge of the sleeves.

When the British burned Washington, in 1814, Dolly Madison, wife of President Madison, saved the full length picture of George Washington by cutting it from the frame as the British entered the city. The picture is now in the White House, and is the only article there today that occupied a place in the original mansion.

Through blizzard after blizzard my car performed better!

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming.

"BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD! New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular care, gasoline mileage was virtually as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

Nonfat Dry Milk Adds Flavor and Nutrition

Here's nutritious goodness! This cream of turkey soup is made with economical nonfat dry milk which is high in protein, calcium, riboflavin and lactose.

There's nothing more warming nor more nourishing than a bowl of steaming hearty soup on cold wintry days. Soups can be made even more nourishing and flavorful when economical nonfat dry milk is used.

Nonfat dry milk is fresh pasteurized milk with only the fat and water removed. It contains these important milk nutrients—protein, calcium, riboflavin and lactose. Nonfat dry milk is extremely economical for a one-pound package costs from 25 to 39 cents, and this quantity yields five quarts of nonfat milk.

Homemakers are learning of the many advantages of nonfat dry milk. It is available at the grocer's in convenient one-pound packages and it will keep almost indefinitely on a cool dry shelf if the package is opened and closed carefully after each using.

It can be used in most recipes calling for milk. It can either be liquidized easily first, or in some recipes it may be used in its dry form and water added as the liquid.

Here is a tasty soup recipe which can be made with either soft-over turkey or chicken:

Cream of Turkey Soup
(Makes 6 servings)
3 tablespoons butter
1 tablespoon chopped onion
5 cups water
1 cup Starlac (nonfat dry milk)
5 tablespoons flour
1 teaspoon curry powder, if desired
1/2 teaspoon salt, about
3/4 teaspoon pepper
2 bouillon cubes
1 cup cooked shredded turkey
1 tablespoon finely chopped pimiento
1 tablespoon finely chopped parsley
Melt butter in top of 2-quart double boiler over direct heat. Add onion and cook until tender but not brown. Remove from heat. Pour water into pan. Combine Starlac (nonfat dry milk), flour, curry powder, salt and pepper; sprinkle over top of water in pan. Beat with rotary beater until Starlac (nonfat dry milk) is dissolved. Add bouillon cubes. Cook over simmering water until thickened, stirring constantly. Add turkey and pimiento and continue cooking until heated through. Serve at once. Sprinkle each serving with chopped parsley.

It's too bad that so many people have such a bright future behind them.

The wild boar of India attacks with provocation—as does the tame bore of America.

Literary Club Meets Friday in Home of Mrs. Stan Carmichael

Hamlin's Women's Literary Club met last Friday in the home of Mrs. Stanley Carmichael.

Mrs. Wallace Walton was director for the day and roll call was answered with next year's study course.

Business session included the election of new officers for the new year. They were as follows: Mrs. J. W. McCrary, president; Mrs. Buren Carlton, vice-president; Mrs. Stanley Carmichael, second vice-president; Mrs. Weldon Johnson, recording secretary; Mrs. Dick Maberry, corresponding secretary; Mrs. Tennie Moore, treasurer; Mrs. L. H. McBride, critic; Mrs. Henry Allbritton, musician; Mrs. Edgar Duncan, reporter; Mrs. H. O. Cassie, librarian.

Program was under the theme of "Happy Children Come From Happy Homes." Mrs. Edgar Duncan gave, "Houses are for Children Too." Mrs. W. T. Johnson gave, "What We Do and Don't Know About Children." Mrs. Weldon Johnson gave, "Leisure For Children."

Next meeting will be next Friday, January 19 in the home of Mrs. Dick Maberry.

Colorado Association Young People Meet

Young People of the North Colorado Association announced they will meet next Thursday for a regularly planned meeting.

The group will meet at the Bethel Baptist Church and Rev. J. B. Pruitt, pastor, according to a report by Clea Faye Neagle, reporter.

Mrs. J. G. Smith of Hamlin attended the final rites at Rule last Thursday for Martha Dell Norman.

BREAD CRUMBS EXTEND FOOD—BUDGET, TOO

Soft enriched yeast-raised bread crumbs and melted margarine or butter are the basis for many a wonderful dish. Bread crumbs may be cubed with a knife or pulled apart with the fingers.

With the cost of living rising as it is, more and more of us will find ourselves thumbing through our file of budget dishes. And we'll find that a great many of the inexpensive hearties listed there include enriched yeast-raised bread or bread crumbs as an important ingredient.

Bread or bread crumbs make a little meat go a long way in meat loaf; they make a soufflé more substantial; form the basis for a delectable stuffing for meat, fish, poultry or vegetables; even go to make wonderful hearty dessert puddings. And one of the most elegant sauces for vegetables, Polonaise Sauce, is simply buttered bread crumbs seasoned with lemon juice.

There are two kinds of bread crumbs called for in recipes—soft or fresh bread crumbs and dry bread crumbs. To make soft bread crumbs, crumble slices of fresh bread with fingers, or place two slices together at a time and cube with a sharp knife. Crumbs may be left on or removed, as desired. But never throw crumbs away; they're perfect for dry bread crumbs. To make dry bread crumbs, grind dry bread through a food chopper, using a fine blade, or run toasted bread through a food mill, or crush with a rolling pin. Or use packaged dry bread

crumbs available at many bakery or grocery stores.

A novel way to use soft bread crumbs is in a stuffing for fish turbans. Here's the recipe:

STUFFED FISH TURBANS

- 6 fish fillets
- Juice of 1 lemon
- 2 tablespoons margarine or butter
- 1/2 cup soft bread crumbs
- 1/4 cup milk
- 1 egg, separated
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/2 cup pimiento
- 2 tablespoons minced parsley

Grease muffin pans. Set oven at 375° F. Sprinkle fillets with lemon juice and roll each fillet around inside of a muffin well. Melt margarine or butter. Add soft bread crumbs and stir until well blended. Then add milk, while stirring constantly. Cook until thickened. Beat egg yolk with a fork. Add a little of the hot cream sauce to egg yolk, then return egg mixture to sauce and cook a minute longer. Remove from heat and add salt, pepper, pimiento and parsley. Beat egg white until stiff but not dry and fold into cream sauce. Fill coiled fillets with mixture and bake 20 minutes. Serves 6.

Tacoma is an Indian word that means the highest or near heaven.

In a list of persons reported as centenarians, 1561 were men and 2706 were women.

VICTORY TAPESTRY UNVEILED—British actress Janet Barrow points to one of the seven panels of her "victory" tapestry which was unveiled at a New York theater recently. The 10-foot by 2-foot needlework, a memorial to London "in her finest hour," was originated by Miss Barlow in the spring of 1941 and completed five years later.

CAUTION

Leak is armed and dangerous.

A complaint filed before a U. S. Commissioner at Tampa, Fla., on April 24, 1950, charges Leak with violating title 18, U. S. Code, Section 912, the Federal Impersonation statute. In addition, Federal warrants are outstanding at Phoenix, Ariz., Austin, Tex., Texarkana, Tex., Fresno, Calif., Harrisonburg, Va., Salisbury, Md., and Missoula, Mont.

Any person having information which may assist in locating this individual is requested to immediately notify the Director of the Federal Bureau of Investigation, U. S. Department of Justice, Washington, D. C., or the Special Agent in Charge of the division of the Federal Bureau of Investigation listed on the first page of your telephone directory.

Number of Homes Shows Big Increase

American homes have increased in number by 25 per cent during the past decade, according to a report made The Herald by a report from the Texas Association of Home Builders.

The report stated that more than 1,000,000 homes were built in 1949 and more than 9,000,000 were built during the past 10 years. 1950's figures were expected to top the 1949 figure it was stated.

Population is growing 14.3 per cent, from 131,669,000 to 150,556,000, the number of homes grew 23.6 per cent during the same 10 years.

Starting with 37,325,000 homes in 1940, the homebuilders completed more than 8,826,000 during the following decade.

GUESTS OF HYMERS.

Recent guests of Mr. and Mrs. John Hymer and daughter, Ruby Dean were: Mr. and Mrs. Gene Richardson of Lubbock and Mr. and Mrs. Oscar Young of O'Donnell.

The oldest lighthouse in the U. S. stands on Cap Henry, at the entrance of Chesapeake Bay, Virginia.

Care of Your Flock Urged By Agent

A person's laying flock will produce more eggs during the winter months if the flock owner carefully follows a good poultry management schedule, states Bill Lehmborg, Jones County Agent.

Laying hens need about 13 to 14 hours of light a day to produce at a maximum rate. This can be provided by using artificial lights during the short winter days. He points out that an inexpensive clock and switch can be used to turn the lights on and off automatically. Such a switch is recommended when lights are used because regularity is a very important item in the management program.

The best birds in the world, the best housing and equipment and the best management will not give high egg production unless the birds are getting a good, well balanced and palatable ration. Dr. John Quisenberry, head of the Texas A. & M. College Poultry Department says that, in feeding for egg production, a poultryman should first, feed a good ration. And second, get his birds to eat as much as possible. He recommends keeping mash

BIBB CROWS POPULAR—Bibb lettuce, a mildly sweet but crisp salad green discovered by socially prominent Kentuckian John Bibb, is on the march in Michigan. Above, Richard Nanninga holds a cluster of three rosette type heads picked in Maurice Chadwick's Grand Rapids, Mich., hothouse, the biggest of its kind in the state.

before hens at all times, and giving them a small feeding of pellets at noon and a liberal feeding of grain in the late afternoon. Satisfactory production can be obtained, however, by feeding all mash with no grain or other sup-

Livestock Shipments Have November Drop

Livestock shipments in Texas dropped 17 per cent in November from October, according to a report to The Herald by the University of Texas Bureau of Business Research.

October - to - November cattle shipments decreased 25 per cent, while sheep and hog shipments increased six per cent and calf shipments rose two per cent.

Compared with November 1949 livestock shipments increased 10 per cent, with hog shipments up

plement, pointing out that this method requires less labor.

W. H. EYSEN Jr.
Attorney-At-Law
North of Morgan Ins. Ag'cy

41 per cent; sheep shipments, 25 per cent; and calf and cattle shipments, 20 and two per cent, respectively.

Although written in 1776, the original copy of our Declaration of Independence is still in good, readable condition.

Physicians, Dentists, Veterinarians To List

A special registration of physicians, dentists and veterinarians will be held January 15, according to a report made by Local Draft Board No. 77 at Anson.

Registration of the group in all such persons on that date who have not reached 50 years of age. Exceptions are members of the regular or reserve component of the uniformed services and those already registered under a special registration.

Registration will be at Anson at the Board office, and special registrars will be: W. A. Holt in Haskell for Haskell County and C. M. Reese of Albany for Shackelford County.

Quota of 192 Sought By County Draft Board

Local Draft Board No. 77 at Anson announced that a total of 192 men will be called between January 17 and February 15, according to their orders at present.

A total of 41 will be sent to Abilene for physical examination January 17; 41 more to be sent for physical examination January 30; 82 will be sent for physical examination February 13 and 28 will be sent for induction February 15.

Four Inducted By Jones County Draft

Four Hamlin area men were inducted by the Local Board No. 77 at Anson.

They were: Joe Wayne Carter, Route 1, Hamlin; Billy Gene Buske, Route 1, Avoca; Milton Russell Johnson, Hamlin; and Charles E. McDaniel, Hamlin.

The board calls men from Jones, Shackelford and Haskell Counties.

Mr. and Mrs. Cam Owens, former residents of Hamlin are returning from San Angelo to make their home here. Owens is employed by the Concho Construction Company.

W. C. (Ted) Russell and Stan Carmichael left Friday for their annual quail hunt in the country surrounding Clairemont.

McCauley News

By VIVIAN SHORT

The new post office, of native rock, was officially opened last Tuesday. People of McCauley are very proud of the new office and its postmaster, R. B. Hennington, who constructed it.

Mrs. W. H. Stephenson of Hamlin is our latest subscriber to The Herald.

Mr. and Mrs. John Reynolds of Clovis, New Mexico were holiday visitors in the home of her parents, the W. C. Lees.

T. R. Miers and Bud Gibson went to the Plains quail hunting last Friday. The report is that they bagged quite a few quail.

Cecil Eivens and family of Levelland were week-end guests of his mother, Mrs. A. M. Eivens.

Burl Potts and Holman Boyd have returned from an extended trip through the Rio Grande Valley and Monterrey, Mexico. They had Christmas dinner with Holman's uncle, Mr. Williams, at Corpus. They visited Burl's relatives in Austin and Luling and also visited one of Burl's World War II Marine buddies at McAllen.

Mrs. Otis Perry was dismissed from the Hamlin Memorial Hospital last Wednesday after having been hospitalized over two weeks ago from a car wreck near McCauley.

Mr. and Mrs. J. S. Woodson of Sallis have moved to McCauley. They reside in the George Darden residence, which they purchased.

Rev. L. R. Stuckey has been painting the Sunday School rooms and hallway in the Baptist Church. It has improved the looks in cleanliness and property value, of which the membership is very grateful.

Mrs. Ben Short visited her

HITLER'S DOCUMENTS FOUND—Dr. Auerbach, in charge of a Munich, Germany, land restitution office, inspects some of Hitler's documents, recently captured by German secret police. The suitcase contains: the nomination document of Hitler as Chancellor of the Reich; army papers, including his World War I military pass; his party member book, and a number of once valuable medals.

niece in Stamford last Thursday, Mr. and Mrs. W. O. Gayle.

Rev. L. R. Stuckey left Monday for the Preachers and Laymen's Meeting in Dallas, January 8 through January 10.

Mr. and Mrs. Callen George are sporting a new blue Plymouth. (I think Santa Claus brought it to them.)

Mrs. L. R. Stuckey is visiting her parents in Bronte over the week-end.

A. H. Hemphill was dismissed from a Rotan hospital after undergoing treatment the past few days. He returned home Sunday.

Mrs. Levi McCollum and Mrs. Louis Boyd attended a book review in Sweetwater, a few days ago as guests of a friend.

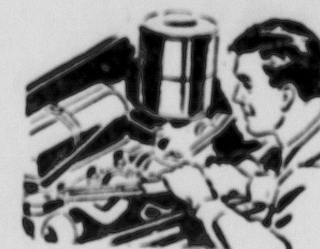

Mr. and Mrs. Fred Hemphill of Lubbock are visiting their relatives in and around McCauley on a week's vacation. Mrs. Hemphill was formerly June Barton, and a granddaughter of Mrs. Della Fancher.

Attending the reception honoring Brother and Mrs. J. P. Hardisty in Abilene Sunday were: Mr. and Mrs. F. L. Rector, Mr.

and Mrs. Leldon Clifton, Mrs. Roy Hennington, Mr. and Mrs. Levi McCollum.
